

Important Notice

Pavement Improvements of our Roadways on the following dates:

Sealcoating – 7/14, 7/16, 7/18, 7/21, 7/23, 7/25

Striping – 7/15, 7/17, 7/19, 7/22, 7/24, 7/26

On the back side of this notice, you will find a map that will coordinate with the above schedule by color coding. We are requesting your assistance with the below mentioned preparations to help make this as smooth as possible.

- ***ALL** vehicles must be relocated from the designated area(s) by no later than the night before work is set to begin.
- *There should be no vehicle traffic during scheduled limits of work.
- *Please do not schedule any deliveries for the above dates.
- *Please be aware of ALL traffic control for the safety of the workers and residents.
- *Please turn off ALL irrigation the day prior.

Please be sure that when you are relocating your car into another parking spot, that you are not parking in a resident reserved parking. If you do have questions about parking, please feel free to contact your property manager. Property management/HOA will have a tow truck ready and available to relocate vehicles as needed. If for any reason a vehicle **IS NOT** relocated prior to the time specified below, **property management will need to have it towed and moved in which case, you will be responsible for any/all expenses incurred. If we are unable to identify the owner of the vehicle prior to having it towed, it will be towed off property in which case the expense is much greater.**

Once the work is complete, we anticipate that you will be able to travel/park on the pavement 24 hours after the designated area is completed. Please be advised that this is an ESTIMATED timeframe only and could change based on unforeseen circumstances/delays. **Please note that if any area is delayed it will be rescheduled accordingly.**

We greatly appreciate your cooperation and apologize for any inconvenience that may be caused during this project, however we do hope you can understand that this maintenance is necessary to preserve the life of the asphalt as well as improve our community!

If you should have any questions or concerns, please contact your property manager.
